Independent Auditors' Report

Board of Fire Commissioners Little Egg Harbor Township Fire District No. 2 Ocean County, New Jersey

We have audited the accompanying financial statements of the Little Egg Harbor Township Fire District No. 2, Ocean County, New Jersey as of and for the years ended December 31, 2011 and 2010. These financial statements are the responsibility of the Fire District's management. Our responsibility is to express an opinion on these basic financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and in compliance with the audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the basic financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Little Egg Harbor Township Fire District No. 2, Ocean County, New Jersey as of December 31, 2011 and 2010, and the results of its changes in fund balances for the years then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued a report dated June 28, 2012 on our consideration of the Little Egg Harbor Township Fire District No. 2, Ocean County, New Jersey internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report and considered in assessing the results of the audits.

The accounting principles generally accepted in the United States of America required that the Management's Discussion and Analysis on page A1 through A4 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standard Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

The Schedule of Revenues, Expenditures, and Changes in Fund Balance - Budget and Actual, Schedules of Deferred Charges to Future Taxation, Schedules of Improvement Authorizations, and Schedule of Unreserved Undesignated Fund Balance included in the contents of this report are presented for purposes of additional analysis and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2011 and 2010 financial statements. The information has been subjected to the auditing procedures applied in the audit of those financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Schedule of Revenues, Expenditures, and Changes in Fund Balance - Budget to Actual, Schedules of Deferred Charges to Future Taxation, Schedules of Improvement Authorizations, and Schedule of Unreserved Undesignated Fund Balance are fairly stated in all material respects in relation to the basic financial statements from which they have been derived.

The Statistical Information and Roster of Officials, which are the responsibility of management, are presented for the purpose of additional analysis and are not a required a part of the financial statements. Such information has not been subjected to the auditing procedures applied in the audit of the financial statements, and, accordingly, we do not express an opinion or provide any assurance on them.

Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with *Government Auditing Standards*

Board of Fire Commissioners Little Egg Harbor Township Fire District No. 2 Ocean County, New Jersey

We have audited the financial statements of Little Egg Harbor Township Fire District No. 2 Ocean County, New Jersey as of and for the year ended December 31, 2011, and have issued our report thereon dated June 28, 2012. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, in compliance with the audit requirements prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey, and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

The management of Little Egg Harbor Township Fire District No. 2 is responsible for establishing and maintaining effective internal control. In planning and performing our audit, we considered Little Egg Harbor Township Fire District No. 2's internal control over financial reporting as a basis for designing our audit procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Little Egg Harbor Township Fire District No. 2's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of Little Egg Harbor Township Fire District No. 2's internal control over financial reporting.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a significant deficiency, or combination of significant deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the financial statements will not be prevented or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Little Egg Harbor Township Fire District No. 2, Ocean County, New Jersey financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of the Board of Commissioners, others within the entity and the Division of Local Government Services, Department of Community Affairs, State of New Jersey and is not intended to be and should not be used by anyone other than those specified parties.

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. General Statement

The accounting policies of the Little Egg Harbor Township Fire District No. 2 (District) conform to the accounting principles applicable to special districts which have been prescribed by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. For the years ended December 31, 2011 and 2010 the financial statements of the Little Egg Harbor Township Fire District No. 2 have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles.

B. Reporting Entity

The district is an instrumentality of the State of New Jersey, established to function as a special district. The Board of Fire Commissioners consists of elected officials and is responsible for the fiscal control of the District.

The primary criterion for including activities within the District's reporting entity, as set forth in Section 2100 of the GASB *Codification of Governmental Accounting and Financial Reporting Standards*, is the degree of oversight responsibility maintained by the District. Oversight responsibility includes financial interdependency, selection of governing authority, designation of management, ability to significantly influence operations and accountability for fiscal matters. The combined financial statements include all funds and account groups of the District over which the board exercises operating control. There were no additional entities required to be included in the reporting entity under the criteria as described above, in the current fiscal year. Furthermore, the District is not includable in any other reporting entity on the basis of such criteria.

C. Basis of Presentation

Combined Fund and Government-wide Financial Statements

As a special purpose governmental entity engaged in a single governmental program the District has opted to present its financial data in the form of combined fund and government-wide financial statements to simplify their annual financial reporting process.

The accounts of the district are maintained in accordance with the principles of fund accounting to ensure observance of limitations and restrictions on the resources available. The principles of fund accounting require that resources be classified for accounting and reporting purposes into funds or account groups in accordance with activities or objectives specified for the resources. Each fund is a separate accounting entity with a self-balancing set of accounts. An account group, on the other hand, is a financial reporting device designed to provide accountability for certain assets and liabilities that are not recorded in the funds because they do not directly affect net expendable available financial resources. Funds are classified into three categories: governmental, proprietary and fiduciary. Each category, in turn, is divided into separate "fund types". The District does not maintain any proprietary or fiduciary funds.

Governmental Fund Types

General Fund: The general fund is the general operating fund of the District and is used to account for all expendable financial resources except those required to be accounted for in another fund.

Capital Fund: The capital fund is used to account for all financial resources to be used for the acquisition or construction of major capital facilities.

In conformity with GASB 34, the District's combined fund and government-wide financial statements present adjustments to reconcile the general and capital fund balances to net assets.

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

D. Basis of Accounting

Fund Basis of Accounting

The modified accrual basis of accounting is used for measuring financial position and operating results of all governmental fund types, expendable trust funds and agency funds. Under the modified accrual basis of accounting, revenues are recognized when they become both measurable and available. "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Expenditures are recognized in the accounting period in which the fund liability is incurred, except for principal and interest on general long-term debt which are recorded when due.

Ad Valorem (Property) Taxes are susceptible to accrual as under New Jersey State Statute a municipality is required to remit to its fire districts the entire balance of taxes in the amount voted upon or certified prior to the end of the year. The District records the entire approved tax levy as revenue (accrued) at the start of the fiscal year, since the revenue is both measurable and available. The District is entitled to receive moneys under the established payment schedule and the unpaid amount is considered to be an "accounts receivable".

Government-wide Basis of Accounting

The government-wide statements are presented using the accrual basis of accounting. Under the full accrual basis, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used. Revenues, expenses, gains, losses, assets, and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place.

E. Budgets/Budgetary Control

Annual budgets are prepared each year for the operations of the fire districts. The budgets are approved by the Division of Local Government Services, Department of Community Affairs, State of New Jersey. The budgets are then voted upon by the public.

Formal budgetary integration into the accounting system is employed as a management control device during the year. For governmental funds there are no substantial differences between the budgetary basis of accounting and the fund basis of accounting previously described. Encumbrance accounting is also employed as an extension of formal budgetary integration in the governmental fund types. Unencumbered appropriations lapse at year end.

F. Encumbrances

Under encumbrance accounting, purchase orders, contracts and other commitments for the expenditure of resources are recorded to reserve a portion of the applicable appropriation. Specific encumbrances in governmental funds are reported as liabilities at year end as they do not constitute expenditures or rather commitments related to unperformed contracts for goods and services.

The encumbered appropriation authority carries over into the following year. The balance of the unencumbered appropriations is recorded as a reserve to fund balance for unrecorded expenditures and commitments that pertain to the prior year. At the end of the following year, an entry will be made to fund balance for the unexpended appropriations of the prior year.

G. Fixed Assets

In the fund financial statements, fixed assets used in governmental operations are accounted for as expenditures of the government fund upon acquisition.

In the government-wide basis of accounting, fixed assets are accounted for as capital assets. The District generally capitalizes assets with a cost of \$1,000 or more as outlays occur. All fixed assets are valued at historical cost or estimated historical cost if actual is unavailable.

Depreciation of all fixed assets is recorded as an operating expense in the Statement of Activities and Governmental Fund Revenues, Expenditures, and Changes in Fund Balances with accumulated depreciation reflected in the Statement of Net Assets and Governmental Funds Balance Sheet. Depreciation is provided over the assets' estimated useful lives using the straight line method of depreciation, generally 5-7 years for firefighting equipment and general purpose vehicles and 12 years for fire fighting vehicles.

H. Interfund Transactions and Balances

Transfers are used to move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them. Transfers between the general and capital fund of the District net to zero on the Statement of Activities and Governmental Fund Revenues, Expenditures, and Changes in Fund Balances.

During the course of operations, transactions occur between individual funds that may result in amounts owed between funds. Those loans are reported as interfund receivables and payables on the fund basis of accounting. Interfund payables and receivables between funds are eliminated in the Statement of Net Assets and Governmental Funds Balance Sheet.

I. Long-Term Obligations

Long-term debt is recognized as a liability of a governmental fund. For long-term obligations, only that portion expected to be financed from expendable available financial resources is reported as a fund liability of a governmental fund.

J. Fund Equity

Fund Basis

Reserves represent those portions of fund equity not appropriable for expenditure or legally segregated for a specific future use. Designated fund balances represent plans for future use of financial resources.

Government-wide Basis

Equity is classified as net assets and is displayed in three components:

- a. Invested in capital assets, net Consists of capital assets, net of accumulated depreciation and related debt.
- b. Restricted for capital acquisitions Current balance consists of net assets restricted to the acquisition of a fire truck
- c. Unrestricted net assets All net assets that do not meet the definition of "restricted" or "invested in capital assets, net".

K. Advertising

The District expenses advertising costs as they are incurred. Advertising expense for the years ended December 31, 2011 and 2010 approximated \$600 in each year.

2. ADJUSTMENTS TO ARRIVE AT NET ASSETS

A. Interfund Receivables and Payables

For the years ended December 31, 2011 and 2010 interfund receivables and payables in the amount of \$290,278 and \$240,278, respectively, have been eliminated in arriving at the government-wide presentation.

B. Capital Assets - Net and Invested in Capital Assets - Net

For the years ended December 31, 2011 and 2010 capital assets, net in the amount of \$1,152,889 and \$491,080, respectively, and invested in capital assets, net of accumulated depreciation and related debt in the amount of \$192,412 and \$252,805, respectively, have been included in the government-wide presentation.

C. Fund Balances, Unrestricted Net Assets, and Net Assets Restricted for Capital Acquisitions

For the year ended December 31, 2011 fund balances in the amount of \$368,606 have been eliminated. Unrestricted net assets in the amount of \$368,606, and net assets restricted for capital acquisitions in the amount of \$54,578 have been included in the government-wide presentation.

For the year ended December 31, 2010 fund balances in the amount of \$294,770 have been eliminated. Unrestricted net assets in the amount of \$294,770, and net assets restricted for capital acquisitions in the amount of \$54,578 have been included in the government-wide presentation.

D. Improvement Authorizations:

Improvement authorizations, which are liabilities that represent the District's earmarking of fund balance for a specified future project, do not represent liabilities as defined by U.S. generally accepted accounting principles. Therefore, for the years ended December 31, 2011 and 2010 improvement authorizations in the amount of \$54,578 in each year have been eliminated in arriving at the government-wide presentation.

E. Deferred Charges to Future Taxation

For the years ended December 31, 2011 and 2010 deferred charges to future taxation in the amount of \$960,477 and \$238,275, respectively, have been eliminated in arriving at the government-wide presentation.

3. ADJUSTMENTS TO ARRIVE AT THE CHANGE IN NET ASSETS

A. Operating Appropriations

For the year ended December 31, 2011 depreciation expense in the amount of \$120,258 has been included in the government-wide presentation. Additionally, to account for fixed asset purchases expensed under the fund basis of accounting, non-bondable assets account has been decreased by \$4,169, and principal payments on capital leases have been decreased by \$55,696. The net effect on operating appropriations is an increase of \$60,393.

For the year ended December 31, 2010 depreciation expense in the amount of \$86,675 has been included in the government-wide presentation. Additionally, to account for fixed asset purchases expensed under the fund basis of accounting, non-bondable assets account has been decreased by \$50,681, and principal payments on capital leases have been decreased by \$53,298. The net effect on operating appropriations is a decrease of \$17,304.

B. Reserve for Future Capital Outlays and Related Transfer

For the years ended December 31, 2011 and 2010, reserve for future capital outlays and related transfer have been reduced by \$50,000 in each year on the government-wide presentation to eliminate the general fund expenditure and capital fund revenue related to the creation of improvement authorizations.

4. DEPOSITS AND INVESTMENTS

New Jersey statutes permit the deposit of public funds in institutions located in New Jersey which are insured by the Federal Deposit Insurance Corporation ("FDIC"), or by any other agency of the United States that insures deposits or the State of New Jersey Cash Management Fund. New Jersey statutes require public depositories to maintain collateral for deposit of public funds that exceed insurance limits as follows:

The market value of the collateral must equal 5 percent of the average daily balance of public funds; or

If the public funds deposited exceed 75 percent of the capital funds of the depository, the depository must provide collateral having a market value equal to 100 percent of the amount exceeding 75 percent. All collateral must be deposited with the Federal Reserve Bank, the Federal Home Loan Bank Board or a banking institution that is a member of the Federal Reserve System and has capital funds of not less than \$25,000,000. The State of New Jersey Cash Management fund is authorized by statute and regulations of the State Investment Council to invest in fixed income and debt securities which mature within one year. Collateralization of fund investments is generally not required.

The cash on deposit is partially insured by federal deposit insurance in the amount of \$250,000 in each depository. Balances above the federal deposit insurance amount are insured by the Government Unit Deposit Protection Act (GUDPA), N.J.S.A. 17:9-41, et seq., which insures all New Jersey governmental units' deposits in excess of the federal deposit insurance maximums. Cash determined by the Board of Commissioners, consists of all bank accounts including certificates of deposits.

Investments

New Jersey statutes establish the following securities as eligible for the investment of District funds:

- (a) Bonds or other obligations of the United States or obligations guaranteed by the United States.
- (b) Bonds of any Federal Intermediate Credit Bank, Federal Home Loan Bank, Federal National Mortgage Associates or of any United States Bank for Cooperatives which have a maturity date not greater than twelve months from the date of purchase.
- (c) Bonds or other obligations of the District or bonds or other obligations of school districts of which the district is a part or within which the school district is located.
- (d) Bonds or other obligations, having a maturity date of not more than twelve months from the date of purchase that are approved by the New Jersey Department of Treasury Division of Investments.

(e) Qualified mutual funds with portfolios limited to (i) bonds or other obligations of, or guaranteed by, the United States of America; and (ii) repurchase agreements fully collateralized by such obligations. These investments must be transacted only through national or state banks located within New Jersey.

During the year, the District had none of its idle funds invested in repurchase agreements collateralized by eligible securities. At the close of the year, no such investments were held by the District.

As of December 31, 2011 and 2010 the District's cash accounts consisted of:

	 2011		
Wells Fargo – Checking	\$ 328,803	\$	255,896
Petty Cash	 800		800
Total Cash	\$ 329,603	\$	256,696

The carrying amount of the Board's cash and cash equivalents at December 31, 2011 was \$329,603 and the bank balance was \$328,650. Of the balance, \$250,000 was covered by federal depository insurance and \$78,650 was covered by the Government Unit Deposit Protection Act (GUDPA), N.J.S.A. 17:9-41, et seq., for all New Jersey governmental units' deposits in excess of the federal deposit maximums.

The cash deposits held at financial institutions can be categorized according to three levels of risk as described below:

Category 1	Deposits which are covered by FDIC, or collateralized by securities held by the District or its agent, in the district's name	\$ 250,000
Category 2	Deposits which are collateralized with securities held by the pledging financial institution's trust department, or Agent in the District's name	78,650
Category 3	Deposits which are not collateralized or insured.	800

5. ASSESSMENT AND COLLECTION OF MONEY AUTHORIZED BY VOTERS

Upon proper certification pursuant to Section 9 of P.L. 1979 c. 453 (C.40[A]:14-79), the assessor of the municipality, in which the fire district is situate, shall assess the amount to be raised by taxation to support the district budget against the taxable property therein, in the same manner as municipal taxes are assessed and the same amount shall be assessed, levied and collected at the same time and in the same manner as other municipal taxes.

The collector or treasurer of the municipality, in which said district is situate, shall pay over all moneys so assessed to the treasurer or custodian of funds of said fire district as follows; on or before April 1, an amount equaling 21.25% of all moneys so assessed; on or before July 1, an amount equaling 22.5% of all monies so assessed; on or before October 1, an amount equaling 25% of all monies so assessed; and on or before December 31, an amount equaling the difference between the total of all monies so assessed and the total amount of such monies previously paid over, to be held and expended for the purpose of providing and maintaining means for extinguishing fires in such district.

Notwithstanding anything herein to the contrary, the municipal governing body may authorize, in the cash management plan adopted by it pursuant to N.J.S. 40A:5-14, a schedule of payments of fire districts moneys by which an amount greater than required on any of the first three payment dates cited herein may be paid over. The municipal governing body and board of fire commissioners may, by concurrent resolution, adopt a schedule of payments of fire district moneys by which an amount less than required in any of the first three payment dates, cited herein may be paid over. Such resolution shall be included in the cash management plan adopted by the municipal governing body pursuant to N.J.S. 40A:5-14.

The commissioners may also pay back, or cause to be paid back to such municipality, any funds or any part thereof paid to the treasurer or custodian of funds of such fire district by the collector or treasurer of the municipality, representing taxes levied for fire district purposes but not actually collected in cash by said collector or treasurer.

6. FUNDING

The activities of the Little Egg Harbor Township Fire District No. 2 are primarily funded by the striking of a fire tax on the property owners of the Fire District, as provided for by state statute. For the years ended December 31, 2011 and 2010, the fire tax rate on Fire District No. 2 was \$.032 and \$.031, respectively, per \$100 of assessed valuation.

7. LONG-TERM DEBT

Capital Lease

On November 3, 2006, the District entered into an agreement with Kansas State Bank of Manhattan to finance the purchase of one new elite tanker/pumper from Elite Fire Apparatus. The financed amount for this truck is \$449,211. First payment was made in 2007.

On May 25, 2011, the District entered into an agreement with Capital One Public Funding to finance the purchase of one new aerial fire truck. The financed amount for this truck is \$777,898. The first payment was made in February 2012.

The District's balance of long-term lease as of December 31, 2011 was \$960,477.

Future debt service requirements for capital leases are as follows:

Fiscal Year	Payment	Interest	Principal	Principal Balance
1150011001	 гаушен	 IIIIEIESI	 Гппсіраі	 Dalarice
2012	\$ 163,060	\$ 31,666	\$ 131,394	\$ 829,083
2013	163,060	36,814	126,246	702,837
2014	163,060	31,179	131,881	570,956
2015	96,644	25,293	71,351	499,605
2016	96,644	22,132	74,512	425,093
2017 and after	 483,220	 58,127	 425,093	
	\$ 1,165,688	\$ 205,211	\$ 960,477	

8. CAPITAL ASSETS

The following schedule is a summarization of the capital assets by source for the year ended December 31, 2011:

	 Balance As of 12/31/10	 Additions	 Balance As of 12/31/11
Apparatus	\$ 146,251	\$ -	\$ 146,251
Equipment	382,682	4,169	386,851
Vehicles	 1,712,148	 777,898	 2,490,046
	\$ 2,241,081	\$ 782,067	\$ 3,023,148
Accumulated depreciation	\$ 1,750,001	\$ 120,258	\$ 1,870,259

Depreciation expense for the years ended December 31, 2011 and 2010 amounted to \$120,258 and \$86,675, respectively.

9. **RELATED PARTIES**

The Board of Fire Commissioners is comprised of five elected officials. All five of the Commissioners are members of the Mystic Island Volunteer Fire Company. One of the Commissioners is the Chief of the fire company. The District has two agreements with the fire company. One is a Fire Protection Service Agreement. In this agreement the District paid the fire company \$68,000 for the fire company to provide personnel for firematic and other emergency services. In the second agreement, the District paid the fire company approximately \$30,000 to rent the firehouse and fire apparatus owned by the fire company.

10. RISK MANAGEMENT

The District is exposed to various risks of loss related to limited torts; theft of, damage to, and destruction of assets; errors and omissions; and natural disasters for which the District carries commercial insurance. There have been no significant reductions in coverage from the prior year and settlements have not exceeded coverage in the past three years.

11. LOSAP

The District maintains a LOSAP (Length of Service Awards Program) plan. The plan is considered to be a deferred compensation plan for volunteers and the contribution is not based on compensation. New Jersey Statutes set the contribution limits. The contributions for 2011 and 2010 were \$12,650 and \$18,400, respectively.

12. SUBSEQUENT EVENTS

The District has evaluated subsequent events occurring after December 31, 2011 through the date of June 28, 2012, which is the date the financial statements were available to be issued. Based on this evaluation, the District has determined that no subsequent events have occurred which require disclosure in the financial statements.

NOTE A BUDGETARY BASIS OF ACCOUNTING

There are no substantial differences between the District's budgetary basis of accounting and the fund basis of accounting described below.

The modified accrual basis of accounting is used for measuring financial position and operating results of all governmental fund types, expendable trust funds and agency funds. Under the modified accrual basis of accounting, revenues are recognized when they become both measurable and available. "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to be used to pay liabilities of the current period. Expenditures are recognized in the accounting period in which the fund liability is incurred, except for principal and interest on general long-term debt which are recorded when due.

Ad Valorem (Property) Taxes are susceptible to accrual as under New Jersey State Statute a municipality is required to remit to its fire districts the entire balance of taxes in the amount voted upon or certified prior to the end of the year. The District records the entire approved tax levy as revenue (accrued) at the start of the fiscal year, since the revenue is both measurable and available. The District is entitled to receive moneys under the established payment schedule and the unpaid amount is considered to be an "accounts receivable".

NOTE B BUDGETARY-TO-GAAP RECONCILIATION

An explanation of the differences between budgetary inflows and outflows and revenues and expenditures determined in accordance with generally accepted accounting principles follows:

		ange in <u>d Balance</u>
(1)	Principal debt payments are reported as budgetary expenditures in the year payment is made. For GAAP purposes debt payments are not expenses, but are applied toward the reduction of debt.	\$ 55,696
	Depreciation expense is not recorded on the budgetary basis of accounting. For GAAP purposes, capitalized assets are depreciated on a straight line basis over their respective useful lives.	(120,258)
	Encumbrances for fixed asset purchases are reported as expenses in the year the orders are placed for budgetary purposes. For GAAP purposes, these purchases are capitalized in the year received.	 4,169
	Net decrease in fund balance- budget to GAAP	(60,393)
(2)	The amount reported as "fund balance" on the budgetary basis of accounting derives from the basis of accounting used in preparing the District's budget. (See Note A for a description of the District's budgetary accounting method.) This amount differs from the fund balance reported in the statement of revenues expenditures and changes in fund balances because of the cumulative effect of	
	transactions such as those described above.	\$ <u>307,383</u> 246,990

NOTE C BUDGET CANCELLATION

Regulations allow the District to cancel unexpended appropriations before year end by resolution. During the year ended December 31, 2011, the District did not cancel any of appropriations resulting in a reservation of fund balance as follows:

Adopted budget Expenditures	\$	443,000 368.435

Scope of Examination and Conditions of Records

Our examination covered the funds of the Board of Fire Commissioners, Fire District No 2, Township of Little Egg Harbor handled by the Treasurer and Board Bookkeeper.

The Financial records were maintained in good condition.

Minutes of Board meetings were properly maintained by the Board Bookkeeper.

Cash in Banks

The balance in bank at December 31, 2011 was reconciled with statements issued by the depositories.

Examination of Claims

Claims paid during the period under review were examined on a test basis to determine that they are submitted on Board vouchers, itemized, signed by the officials as to approval for payment, allocated to the proper accounts and charged to the proper fiscal period, and in agreement with bill list set forth in the approved minutes of the Board.

The District's four (5) Commissioners do not receive a fee for meeting attendance during the year.

Contracts and Agreements Required to be Advertised

For N.J.S. 40A:11-4

N.J.S. 40A:11-4 states, "Every contract or agreement, for the performance of any work or the furnishing or hiring of any materials or supplies, the cost or the contract price whereof is to be paid with or out of public funds not included within the terms of Section 3 of this act, shall be made or awarded only after public act or specifically by any other law. No work, materials or supplies shall be undertaken, acquired or furnished for a sum exceeding the aggregate of \$17,500 except by contract or agreement".

The members of the Township of Little Egg Harbor Fire District #2 have the responsibility of determining whether any contract or agreement might result in violation of the statute and, when necessary, the Board Attorney's opinion should be sought before a commitment is made.

The results of our examination indicated that no individual payment, contract or agreement was made "for the performance of any work or the furnishing or hiring of any materials or supplies", in excess of the statutory thresholds where there had been advertising for bids in accordance with provisions of N.J.S.A. 40A:11-21.

Miscellaneous

An exit conference was held in accordance with the generally accepted governmental auditing standards.

Acknowledgment

During the course of the audit, we received the cooperation of the officials of the Fire District and we appreciate the courtesies extended to us.

Recommendations

None.

The problems and weaknesses noted in our review were not of such magnitude that they would affect our ability to express an opinion on the financial statements taken as a whole.

Respectfully submitted,

Honald C. Vitica

Ronald C. Petrics Registered Municipal Accountant #474
