For the month of December the Fire Company responded to 13 calls totaling 147 for 2018.

1. Currently 7237 is at the DPW having the storage boxes. The next project will be to mount the 12 volt interior lighting. Then hopefully the members can paint the truck.
2. 7206 is having some mechanical issues with the port motor. Also the radar stopped functioning while on a call in poor visibility. I would request the boat be taken to the Viking Marina for repairs ASAP
3. All the preventative maintenance has been completed on 7205, 7200, and 7210. While maintenance was being performed on 7210 and oil leak was discovered so the vehicle will be taken to the dealership for warranty work.
4. I was advised the membership for Retro Fitness is due.
5. Parts of the new gear order have started to come in and are already in service.
6. I would like to thank the Board of Fire Commissioners for all their support in 2018 and I look forward to a productive 2019.

Respectfully Yours
