**May 2021 the Fire Station responded to 15 calls for a total of 61 calls for the year.**

1. Currently no members are in quarantine from Covid-19. The Fire Company is still practicing strict equipment decontamination practices and PPE usage.
2. The trailer for 7206 is in need of preventative maintenance (brakes, tires, bearings, lube). We have not had this done since we have had the trailer.
3. I am requesting the purchase of two 5" gated intake valves for 7201 and 7205. See attached quote.
4. I am requesting the purchase of five water can harnesses to be placed on the apparatus and 7200. This will make carrying the water cans easier for the crews using them. Price not to exceed two hundred fifty dollars (quote attached).
5. All the parts are in to complete the remaining repairs on 7201, 7205 and 7237.

**Respectfully Yours**

**Thomas Bonfonti

Water Can Harness)

Details Reviews Product Q&A

**This simple, heavy duty harness makes any 2.5 gallon water can easier to carry.**

With the can conveniently slung over your shoulder by the adjustable nylon carry strap, your hands are freed up to carry other necessary tools or supplies. Suddenly it's easie...

—and a whole lot safer—to climb ladders.
